WELCOME AND INTRODUCTION: by Deirdre Boyd

BRIDGES TO THE NEXT GOVERNMENT

Presented by David Burrowes, shadow Minister for Justice

2010 is the "year of recovery" – and a new government. What key changes are forecast, and will they help or hinder organisations and individuals caring for addicts moving towards recovery? Whichever party wins the election, this politician has the inside track to guide delegates through the year ahead.

BUILDING BRIDGES – INCREASE FAMILY ACCESS TO TREATMENT

Presented by John Southworth, Ken Seely, Rebecca Flood, Brad Lamm

Well-executed structured interventions result in a 92% success rate in getting addicts into appropriate, effective treatment; in the few cases where the addict refuses help, family members are persuaded to seek it for themselves. Our elite interventionists could fill all self-pay beds of all treatment centres in the UK. They have flown in to share their experience and expertise throughout the day, starting in this session.

11.00-11.30am COFFEE & REFRESHMENTS

- Book signings by UKESAD presenters who are also bestsellers.
- Relieve stress with complimentary head-and-shoulder massages throughout the day by Françoise Thomas of Ki Energy Treatment. →

- brief interventions – for addicts, families of addicts, and as a career
- therapeutic accountability models for prisoners and the community
- policies and trends for all with the next government
